## GUEST SPEAKER

# Carol Everett

Carol Everett's life has been entrenched in women's reproductive health choices. Her unplanned pregnancy at 16, six years of selling abortions to other women to justify her own, thirty-five thousand abortions, the death of one woman and major surgery on 19 abortion patients brought Carol to a crossroads. She experienced a life-altering change

when she came to the saving knowledge of Jesus Christ in 1983.

Carol believes the Lord gave her a three-point plan:

- Defund abortion providers of tax dollars (in Texas, then the nation)
- Require abortion facilities to meet the safety standards of Ambulatory Surgical Centers
- Create a network of life-affirming health care providers across Texas.

Carol has shared her testimony on national broadcasting programs with Mike Huckabee of Fox News, Matt and Laurie Crouch of Trinity Broadcasting Network, Dr. James Dobson of Focus on the Family, Point of View, Truths that Transform, and Pat Robertson of the 700 Club, to name a few. Carol's metamorphosis from hardened prochoicer to a loving pro-life advocate is detailed in the book, *Blood Money – Getting Rich off a Woman's Right to Choose*. The ministry has also released two videos, "The Light of Life" and "Abortion Techniques."
